Businessmen Agree Upon 6 P.M. Closing

All But Food Stores Adopt Policy; Bus System Urged

Closing of their business houses at 6 p.m. daily, including Saturday, was agreed upon by a group of merchants, members of the Mercantile Division of the Redwood City Chamber of Commerce, which includes nearly all local businessmen except those selling foodstuffs, when they met here Tuesday afternoon.

The group also went on record favoring establishment of a municipally owned bus system, and voiced opposition to the business district being enlarged.

DONE ELSEWHERE

In determining to close daily at the 6 o'clock hour, the merchants pointed out that Redwood City is the only city on the peninsula where retail stores remain open evenings. William Ryan, chairman of the division, led the discussion which resulted in the decision. The closing agreement will become effective April 3.

Opposition to any further spreading out of the business district will be crystalized in a recommendation to the city planning commission.

Any enlargement would not be necessary should a municipal bus service be established, it was reasoned, since such a system would make the downtown area easily accessible to those in outlying districts.

MANY PRESENT

Present at the meeting were V E. Jones of the Western Auto Supply Company; Michael Hoffman F. W. Woolworth Company; Clarence Choate, Hull Bros. Hardware Company; Charles Nelson, J. C. Penney Company; Howard Brown, Good Housekeeping Store; F. J. Furnivll, Furnivall Incorporated; Mrs. Anna Robb, Redwood City Exchange; Mrs. C. I. Langford, The Little Shop; Mrs. W. Moore, Mode O'Day; G. Shields, Service Shoe Shop; Joseph A. De Geller Montgomery Ward Company; A. J. Brown, Ben Franklin Store, and William Ayer, Redwood City Hardware Company.

Shortridge Hit By $50 Penalty As Drunk Driver

Samuel M. Shortridge, 36, Menlo Park, who was fined $15 here last June after being found intoxicated in a parked automobile, fell into the toils of the traffic law again Monday in Lodi and was fined $50 on a charge of driving while drunk. In addition his driver's license was forwarded to Sacramento for routine suspension.

Shortridge, former deputy United States district attorney and son of the former United States senator, pleaded guilty to the charge. He was arrested early Monday and held in the county jail at Stockton until the time of his hearing before Judge J. H. Solkmore.

SGARLATO AND GILBERTI HEAD LOCAL DODGE - PLYMOUTH AGENCY

Location and Executives of Local Auto Firm

Here are pictured the heads of S. & G. Motors,, newly appointed Dodge-Plymouth dealer in Redwood City. Left is A. D. Sgarlato, and at right is A. L. Gilberti. Below is shown the local agency's building, located at the corner of Main and Maple.

Rolison Sets Up Temporary Office

Budget Commissioner Ernest A. Rolison, who will bear this title until he assumes that of county executive early in June, has set up temporary headquarters in the vault of County Clerk Elmore B. Hinman's office.

Jewell Young, Purdue forward and a Big Ten scoring leader, committed only 18 personal fouls in his first 12 games this season.

MENLO PARK NEWS NOTES

The right of way agent for the City and County of San Francisco was here during the week seeking rights of way on property adjoining the Southern Pacific railroad on the west side of the track for the Hetch Hetchy pipe line. Work will begin shortly and the line will begin near Redwood City and continue to Mayfield. A court order will be secured so that construction may begin before the right of way is secured.

The raintall for the season has been 20.82 inches as against 14.90 inches at this time last year. It is over 20 years since this pricipitation was equalled. Little or no damage was done by the late storm. The rain will be of much benefit in that it will restore the water level.

On June 5 Augustus Taylor Jr., only son of Mr. and Mrs. A. Taylor of Menlo Park, will be united in marriage to Miss Isobel McCreery of San Mateo. The wedding will take place in St. Matthew's Episcopal Church. Mr. Taylor is a Yale graduate and is associated with his father in business.

On Sunday masses will be celebrated at 7, 8:30 and 11 o'clock. The latter service will be a high mass and the new choir will sing hymns it has been rehearsing for some weeks. The Presbyterian and Episcopal churches will hold special services in observing Easter.

The estate of the late W. K. White has been appraised at $1,186,660, the major share of which will go to his widow, Mrs. Alice M. White. The estate consists in cash amounting to $125,000, a 325-acre ranch at Morgan Hill and the luxurious home here, consisting in 16 acres and improvements. White accumulated his fortune as a patent attorney in San Francisco. His brother, J. K. White, was at one time a strawberry raiser at Atherton, furnishing the San Francisco market with his product. Before the boom, White disposed of his holdings for a large sum and moved to Watsonville.

Mrs. F. E. Whitaker, widow of Fred Whitaker, first fire chief of Menlo Park Fire District, has, with her grandson, moved to Palo Alto. Her home in Stanford Park has been leased.

Mr. and Mrs. Dave Fraser of Stanford Park are the parents of a daughter, born last Friday morning at the home of Mrs. Fraser's parents, Mr. and Mrs. Lloyd Douglas. The little girl will be called Joan Ann. Mrs. Fraser was Marion Lucille Douglas.

At a large tea given by Mrs. Forrest B. Grill last Saturday at her home, the betrothal of her daughter, Miss Edna Grill, and Walter E. Rahnn of San Francisco was revealed by the hostess.

Thirty friends from San Francisco and the peninsula had been invited to hear the announcement. Although no definite date has been set for the nuptials, they are expected to be an event of the late summer.

Daughter of Mr. and Mrs. Forrest B. Grill of Menlo Park, the bride-elect was graduated from Sequoia high school in 1930 and is now in the office of Attorney Edmund Scott in Redwood City.

Mr. Rahnn, who attended the San Francisco schools, is the son of Mr. and Mrs. William Rahnn of that city. He is in business in San Francisco, where the couple expect to maek their home following the wedding.

Decorations for the announcement tea were carried out in shades of rose, with roses and blossoms as the floral motif.

Fiesta Board Gains 3 New Members Here

Dr. Otto F. Westphal Of Redwood City Is Included

As one of their opening actions in their first Wednesday afternoon session under the new procedure ordinance, the board of supervisors appointed a fiesta commission.

The 11-member commission will include three new members: Dr. Otto F. Westphal of Redwood City, Ralph MacArthur of Daly City and Joseph Cunha of Half Moon Bay, all named for one-year terms.

Dr. Westphal, of Whipple road, replaced Judge Charles A. Shurtleff of Menlo Park, veteran civic leader who declined to undertake the heavy work of the commission again.

MacArthur, real estate man, succeeded B. G. Kost of Daly City. Cunha replaced Judge Manuel Betencourt of Half Moon Bay.

FOUR REAPPOINTED

Reappointed members of the commission are Bruce Gibson, last year's chairman; Mrs. F. M. Perkins of Redwood City; and Chester Lipman and Elmer Roberts, both of Burlingame, all named for four-year terms.

Martin Poss of San Mateo was named to the new at-large position created by the fiesta ordinance, now in effect. His term will be for one year.

County officials named to serve on the commission are the county executive, School Superintendent Pansy Jewett Abbott and Controller Edward Stack. Incumbent Kellogg will serve on the commission until he is replaced by Ernest A. Rolison, who will succeed him as county manager in June.

Marine Service Offers Career For Young Men

Postmaser Robert J. O'Connell Jr. announced today that a number of vacancies for service in the United States Marine Corps are still open to qualified men.

Service with the Marines has a special appeal to nearly every young man because of the unusual opportunities it offers for education, travel, and adventure in foreign lands, O'Connell said.

Worth-while men desiring to learn about the long and honorable service of the Marine Corps and also about the special advantages they can enjoy while wearing the uniform of this branch of the Government service, are invited to call at or write to the Marine Corps recruiting station, room 46 Federal Office Building, San Francisco, according to the postmaster.

B. A. Muir Quits As Agent Here For Oil Company

Bryce A. Muir, for the past two years district manager here of the General Petroleum Corporation, announced today that he was resigning that position, effective April 1.

BRYCE A. MUIR

While Muir's future plans are indefinite, he said he intended to remain in Redwood City where he lives with his wife and daughter at 129 Hopkins.

Muir who has been with the oil firm since 1933 has been active in civic work belonging to the Kiwanis Club and Redwood City Chamber of Commerce.

His successor has not as yet been announced by the General Petroleum Corporation.

Store Offers Beach Tickets

This week found Playland at the Beach a mecca for the fun loving public of San Francisco and the bay area.

The occasion is "Safeway Week at Playland," Coney Island of the West, March 22 to 28.

According to J. P. O'Loughlin, assistant divisional manager, every Safeway store in the bay cities is giving its customers absolutely free a strip of 16 valuable tickets good for four free rides and 12 "bargain" rides at Playland at the Beach.

"During the last Safeway Week at the Beach," stated O'Loughlin "more than 150,000 people availed themselves of the opportunity for a gala time, with thousands unable to participate. So this year we are arranging to take care of more than 300,000 persons. With Oakland and peninsula stores, and as far south as Palo Alto cooperating the event which we sponsor as a gesture of goodwill to our patrons should be one of the biggest events ever held at San Francisco's popular amusement park."

$15,000 Road Damage Caused By Rainstorms

Total Rain to Date More Than Previous Seasonal Totals

With three months left in the present season, Redwood City's rainfall to date this year reached a mark Wednesday never previously exceeded in a full year since official records have been kept here.

The total for the 1936-37 season was pushed to 21.97 inches by a fall of .99 inch overnight. And despite brief appearances of the sun during this morning, the forecast of the weather bureau was for more showers tonight, although clearing skies were promised for tomorrow.

The highest previous rain here came in 1924-25, the first year local records were taken, when 21.85 inches fell from August to June. This year's figures are not yet complete and may be expected to rise several inches more, with addition of April and May precipitation.

The lowest rainfall came during 1930-31, giving only 11.80 inches. The yearly average is estimated at 16.87 inches.

RESERVOIR NEARLY FULL

The unprecedented rains caused the Crystal Springs reservoir to have the largest supply of water in more than 20 years, with water 112 feet 8 inches deep, or only one foot from the top of the spillway.

The deluge continued to play havoc with the roads and highways of San Mateo county, causing new slides in sections where crews have battled since Sunday getting the roads open.

Damage to the county's highways as a result of the current storm was estimated at $15,000 by County Engineer U. S. Marshall. Full extent of the damage caused by last night's brief but heavy rains has not been fully determined. Total storm damage since the first of the year probably amounts to $30,000, the engineer said.

TAX FUND AWAITED

Marshall informed the board of supervisors at a conference this morning that the discouraging state of the depleted county road budget would be helped out by an additional $12,000 in state gasoline tax funds, which the engineer was informed today would be coming to the county.

After three days' work, 100 WPA workers and approximately 40 county employes had the La Honda and Pescadero roads open for traffic last night.

AMMONIA LEAK ALARM

City firemen answered a call at 2603 Broadway at 5:12 p.m. Sunday, when a broken ammonia pipe was reported filling the Safeway Store with fumes. No damage was done, firemen said.

Injured Man Claims Mae West Kinship

William A. Cammerer, 34, San Francisco, who said that he is a nephew of Mae West, glamorous moving picture actress, was seriously injured late Monday in a collision at Bayshore City. Both he and Joseph Baccigalupi, 48, also of San Francisco, driver of the other car involved, were taken to a San Francisco hospital for treatment. Cammerer works as an assistant to Jack West, Tanforan stable owner who claims to be the actress' brother.

M. P. Attorney's Estate Valued At Over Million

Appraisal of the estate of William Kennedy White, Menlo Park patent attorney who died August 31, 1936, on his Morgan Hill ranch, disclosed Monday that he had left $1,186,660, the major share of which will go to his widow, Mrs. Alice M. White.

The appraisal, filed by Atty. Bradford Melvin in superior court here, listed the estate as consisting of real property, stocks and bonds and approximately $125,000 in cash.

White's luxurious estate on Oak Grove avenue, Menlo Park, adjoining the Corpus Christi monastery, was left to his widow, as was the 325-acre Morgan Hill ranch.

Aside from a few other specific bequests, the estate was left in trust, with an income of $1500 per month to go to Mrs. White and monthly sums ranging from $200 to $400 going to other relatives, none of them except Muriel Armstrong of Berkeley being bay region residents.

2 SUITS FILED OVER CRASH

A December 24 accident at Brisbane has resulted in damage suits totaling over $29,000 being filed here against James J. Swaim by Mrs. Pearl Taylor and Randall L. Hepler, both of Burlingame. Mrs. Taylor asks $25,000 and Hepler, $4,191, for injuries they allegedly suffered in a collision between his machine and Swaim's.

Real Estate Sales Improve

A rise in bank deposits in Redwood City for 1936 by more than $1,410,000 is revealed in a report by Roscoe D. Wyatt, secretary-manager of the chamber of commerce, on file today with the California Real Estate Magazine.

The report, which covers all phases of business and population statistics in form of answers to a brief questionnaire, shows that 1935 bank deposits stood at $5,835,796, while 1936 totals rose to $7,250,000.

Postal receipts climbed to the highest in the city's history, hitting $65,267.20, as compared with $61,487.36 in 1935, the report says.

Estimated population figures also revealed a gain, with 12,928 persons living here in 1936, based upon 5,387 voters' registrations, as compared with 12,602 in the previous year and an official 8,962 in 1930.

ASSESSMENTS FALL OFF

Although assessed valuations fell off slightly during 1936, from $14,800,000 to $14,254,385, and bonded indebtedness climbed from a 1935 total of $224,802.99 to $750,000 in 1936, Wyatt said the report gave an optimistic picture of business conditions.

"A noticeable increase in movement of real estate, at lifting prices. Retail sales much improved," were his words.

Building permits were nearly double the previous year, reaching $552,956.

As in 1935, another drop in the combined city, county and district tax rate was noted, it falling from $2.20 to $1.92.

Henderson Elected School Board Head

Lester D. Henderson of Burlingame held the presidency of the county board of education today, succeeding the late John Gill, Redwood City elementary school superintendent who died in February.

At the time she announced Henderson's election, Pansy Jewett Abbott, county school superintendent and secretary of the board of education, reported that no new member has been appointed by the supervisors to fill the vacancy left on the education board by death of Mr. Gill.

Serving with Henderson, Burlingame elementary school superintendent, will be George W. Hall, San Mateo superintendent, and Henry C. Hall, San Bruno superintendent.

RAIN CAUSES EASTER RITES CANCELLATION

Good Friday Services And Other Special Events Are Set

A steady rain which left nearly an inch more of precipitation here during the night definitely caused cancelfation Wednesday of plans to hold Easter sunrise services at Emerald Lake Bowl.

Meeting this noon, the Redwood City Ministerial Union, which had planned to sponsor the ninth annual rites at the picturesque setting, decided in the interest of public safety to drop all plans for the event regardless of what the weather may be the rest of the week.

While roads to the bowl are in good shape, parking areas would be unusable, and leaving of machines on the road would constitute a hazard, it was reasoned.

As the ministers decided to cancel the services, for the first time in the history of the event which annually has attracted thousands of worshippers to the site, it was decided to make an especial appeal for attendance at regular worship services on Easter, next Sunday, when special music and sermons will be given.

In addition, the annual 3-hour Good Friday services will be held day after tomorrow. This year, the rites will be in St. Peter's Episcopal Church. Most Redwood City stores will close during the hours between 12 noon and 3 p.m., as will many offices.

The speakers will include the Rev. Schuyler Pratt of St. Peter's Church; the Rev. Charles E. Ward, Congregational; the Rev. William J. Owen, Methodist; the Rev. Paul E. Radley, Full Gospel; the Rev. Charles H. Gatchell, Baptist; the Rev. Victor C. Lundgren, Free Methodist; the Rev. Alden A. Read, San Carlos Community Church, and the Rev. George McCracken, Woodside Community Church.

The Roman Catholic and Lutheran services will be held as usual.

1½-MONTH-OLD BABY DIES

BURLINGAME, Mar. 24—Funeral services will be held today for John L. Crawford, 1½-month-old infant son of Mr. and Mrs. Robert H. Crawford, Burlingame, who died suddenly Monday night. Rites will be held from the William Crosby Mortuary.

ARTHRITIS

Horrible Pain May Disfigure Body — But Amazing Medical Formula Now Gives Grateful Relief to Thousands!

Arthritis is a disease that cripples and kills. It usually starts with aching, inflamed joints and sets up a rheumatic fever. But the poison may spread to other parts of the body — and cause months of agony in a hospital. DON'T NEGLECT THIS SERIOUS DISEASE!

For centuries, arthritis has baffled science. At one time, it was thought impossible to relieve this horrible pain from the rheumatic fever of arthritis, but amazing progress has been made—and there is now a modern, sensible treatment (R.U.X.) which is relieving the pain of thousands.

WILLIAMS R.U.X. COMPOUND contains an ingredient of tremendous Strength. This Pure, Powerful Medicine actually reaches the uric acid deposits, **directly through the blood stream.**

Money-Back Guarantee

Don't confuse this Scientific Formula with the ordinary "patent medicine." R.U.X. is **not** a laxative, like so many medicines. It is the private prescription of an Army Physician, who devoted years to finding a **true medicine** for the hopeless pain of arthritis victims.

Thousands of men and women report amazing relief. In fact, it is the **duty of every victim of arthritis pain** to spare himself and his family the needless suffering that can be avoided by the use of this Powerful, Harmless Medicine. It is GUARANTEED to bring quick relief—or your money back. If it doesn't help you, it won't cost you a single cent!

MONTGOMERY WARD

At Easter-tide 1937

The earth dresses in new bloom and mankind feels the natural impulse to spruce up at least a little bit and so follows the Easter parade of new styles. If old Mother Earth feels that life begins anew every spring-time, we surely take heart since it has been said that "the oldest thing in the world is a new born baby."

Style is what prompts most people to buy jewelry, and here, in our now replete stock, you will find those articles of jewelry you will be proud to possess in the newest styles.

Your loved ones will appreciate an Easter Gift of Jewelery from Reinhard & Co.

Have that soiled watch strap replaced with a smartly-styled new sweatproof leather one, or better still change to the so sanitary metal ones.

Dress up your home with a new model Philco, Zenith, or Packard Bell Radio. Your automobile is no longer completely furnished unless you have an automobile radio. The new automobile sets for 1937-1938 are here. Have an automobile radio installed now by us. A new set of radio tubes will bring back the original excellent tone that your radio used to have. Buy nationally advertised guaranteed radio tubes as sold here.

Your dining table will be beautifully bright with a new set of silverware, china and glassware bought here.

To make foods more palatable and to effect real economy in food buying, your kitchen should have an electric refrigerator of the 1937 improved model. Come in to see them now on display.

The perfect genuine blue-white diamond you buy here this Easter-tide will be equally bright and beautiful in the thousands upon thousands of Easter-tides to come. Every diamond we have in our stock is perfect in color and cut and absolutely flawless. Buy diamonds here with perfect confidence backed by a written guarantee.

Remember Mr. Reinhard has repaired more than 30,238 watches. Mr. Reinhard can repair your watch. Bring your watch repairs to—

Reinhard & Co.

REAL ESTATE DEAL RECALLS ERA OF FRANCISCAN FATHERS

SAN MATEO, Mar. 24. — When Charles Templeton Crocker recently sold 14 acres of land atop the rolling Hillsborough hills near the Crystal Springs road, another step was taken in the history of a piece of peninsula land which has remained relatively unchanged since the days of the Franciscan fathers.

The property, originally part of the famed old San Mateo Rancho, has only changed hands four times in the recorded history of California, although other pieces in the same area have been transferred dozens of times.

The purchasers were Oscar Cavanagh, Hillsborough builder; Fred C. Barz, a retired lumberman, and the realty firm of Raybould and Johnson. They were reported to have paid between $50,000 to $75,000 for the land.

Originally the rancho extended from what is now Burlingame as far south as the Crystal Springs road, and from the middle of the Crystal Springs lakes eastward to San Francisco bay.

To the north lay the Buri Buri Rancho, extending up to San Francisco, while the Rancho de las Pulgas (Ranch of the Fleas) stretched southward to Redwood City.

New Partnership Assumes Agency For Two Autos

Announcement of the appointment of S. & G. Motors as Dodge-Plymouth dealer for Redwood City was made today by Fred Ehlers Jr., wholesale manager for the J. E. French Co., distributor for the bay and peninsula districts.

A. L. Gilberti and A. D. Sgarlato, partners of the new Dodge dealership here, are automobile merchants of long standing in this district. Both have expressed themselves as being pleased to secure the Dodge-Plymouth franchise in Redwood City and to have the opportunity to serve owners of this district.

An invitation is extended to all Redwood City motorists to visit the new dealers.

Gilberti and Sgarlato announce that their watch-word will be the finest service possible. Special factory service equipment is being installed, and factory-trained mechanics employed.

Sgarlato comes to Redwood City from Santa Cruz where, for the past 12 years he has been prominently engaged in the automobile business, while Gilberti moves here from San Francisco where until recently he has been associated with Smith & Smith, Inc. Both men are now connected with Dodge and Plymouth cars, eagerly returning to sell the cars which they first entered into business.

L. E. Smith, Grade Watchman, Succumbs

Luin Edward Smith, crossing watchman for the Southern Pacific, passed away late Sunday at the Southern Pacific Hospital in San Francisco after a four-month illness.

Smith, a native of Kansas City, Mo., had lived here for 13 years, residing at 127 Buckeye street.

Besides his wife, Mrs. Mabel Smith, he leaves a daughter, Mrs. Margery Poe of Los Altos.

LICENSING OF PIN BALL GAMES MAY BE URGED FOR PENINSULA

That San Mateo County's Dist. Atty. Gilbert D. Ferrell may recommend to the board of supervisors that pinball games be licensed was seen today, as result of a ruling handed down by Atty. Gen. U. S. Webb upholding the legality of the machines when they are used "for amusement purposes only."

Ferrell has long advocated licensing of machines as a means of stamping out graft and corruption. He pointed out that with the county controlling machines and with municipalities having similar ordinances if they so desired, a close check could be made on the machines.

With an ordinance controlling the machines, revenue could be collected and sister regulations could be enforced, Ferrell said.

He explained that the law should prohibit more than one machine in an establishment, would keep minors from playing them, and would prevent pinball devices from being operated in the vicinity of churches or schools.

Webb's surprise ruling is reported to have affected numerous California municipalities where attempts have been made to bar the machines. It also apparently left the way open for the board of supervisors to enact ordinances licensing "legal" machines in unincorporated areas, according to press dispatches.

San Carlos Building Total Hits $56,900

SAN CARLOS, Mar. 22—Building activities in San Carlos since January 1 totals $56,800, according to the report of Building Inspector O. W. Stewart, who issued three permits last week, two for alterations and one for a $4500 bungalow in Oak Park.

Lice are carriers of the dreaded disease, Typhus.

Does Bladder Irritation Get You Up?

MAKE THIS 25c TEST

Flush the bladder as you would the bowels. Help nature get rid of impurities and excess acids which can cause irritation that results in getting up nights, scanty flow, frequent desire, burning, backache, or leg pains. Get buchu leaves, juniper oil and 6 other drugs made into little green tablets. Just say Bukets to any druggist. In 4 days if not pleased your 25c will be refunded. Young Drug Co.

Speeder Crop Is Harvested

Demanding trials for speeding offenses brought little luck to Emil Link of Redwood City and John C. Bowen of Stanford University, records of Judge Edward I. McAuliffe's traffic court revealed Monday.

Link changed his mind, pleaded guilty and was fined $2.50. Bowen was found guilty by the judge and fined $5.

Two other speeders cited by local police, Robert Robsertson and Ray Kurasaki, were fined $2.50 and $5, respectively. An arterial breach here cost Allan White $2.50, and overparking brought $1 penalties to N. D. Morrison and Mrs. William Dusel.

Two convicted drunken drivers headed the list of those fined. They were Robert McKellip of Palo Alto and William J. Drobshoff of San Francisco, both fined $100. They were arrested by patrolmen.

Heaviest speeding fines, results of patrol citations, were contributed by Lewis G. Carpenter, Burlingame, $10, and Jack Hickman, Los Angeles, $15. Seven speeders pungled up $5 fines: Fred Wright of Berkeley, Robinson Baird of San Frandisco, J. Johnson of Salinas, Raymond T. Gorham of San Jose, Arthur Armstrong of San Mateo, Frank Bodel of San Francisco and Herman Gumpel of Atherton. Penalties of $2.50 apiece for speeding were paid by Mortimer Harris of San Jose and Jack Sampler of San Jose.

Arterial breaches noticed by state patrolmen cost Louis Gambetta Jr., Portola, and Earl Thomson, East Palo Alto, $2.50 apiece.

Social Science, Drafting Federal Jobs Announced

Competitive examinations for governmental posts were announced here today by the United States Civil Service Commission.

The commission reported the following openings: Social science analysts, various grades, $2000 to $5600 a year, and engineering draftsmen, various grades, $1520 to $2600 a year, for work on ships.

All states except Colorado, Iowa, Kansas, Maryland, Minnesota, Nebraska, South Dakota, Vermont and Virginia, and the District of Columbia, have received less than their quota of appointments in the apportioned departmental service at Washington, D. C.

After meeting Georgia Tech in a post season grid game December 26, California's Bear gridders traveled through the Pacific Southwest and Mexico, stopping three days in Mexico City.

Full information may be obtained at the local post office.

AMAZINGLY NEW for the amazing things it will do, is the way one housewife expressed her delight with her new 1937 Gas Range.

Fluffier cakes, flakier pie crust, more flavorful meats and vegetables through more accurate regulation of cooking temperature is one big feature of the new Gas Range.

Broiler ovens with adjustable racks that will sear and brown steaks and chops without smoking up the kitchen.

The amazingly new and accurate timer-clocks that make cooking a self-starting and self-stopping performance.

Right now you can save $8 on the purchase price of an amazingly new 1937 Gas Range. See the new models being displayed by dealers everywhere. Buy right by buying now and save money.

SAVE GAS—More efficient burners that permit closer temperature regulation will cut down your gas bill.

SAVE FOOD—with more accurate and even temperature control that prevents meat shrinkage and boiling away of foods.

SAVE FLAVOR—Cook with less water, less basting and save the rich flavorful vitamins that make food delicious.

This campaign is made possible through the co-operation of the Gas Appliance Society of California, your dealer, and distributors of the following makes of gas ranges:

BUCK'S • CHAMBERS CONTINENTAL • ESTATE DETROIT STAR • GAFFERS & SATTLER • KELVINATOR MAGIC CHEF • NORGE OCCIDENTAL • SPARK TAPPAN • UNIVERSAL WEDGEWOOD

The "Save $8 Offer" applies on Kitchen Heater Ranges of $129.50 or more; straight Gas Ranges of $99.50 or more

Sequoia Class Publishes Novel 'Medieval' Paper

"The Lady of the Lake" in the modern manner is a version just "published" by students of Miss Louise Watkins' sophomore social living class at Sequoia high school.

The "publication" is a replica of a modern daily newspaper, entitled the "Highland Herald,' and in it are related in modern newspaper vernacular episodes from "The Lady of the Lake." Sports encounters, weddings, engagements, "personal items," advertisements and humor; all in the Scotch vein are featured.

Editors of the paper were Barbara Dawson, page one, assisted by Walter Clark; Betty Stowe, page two, assisted by Mildred Mulcady; David Leonard, humor; Kimiko Ishizaki, social news, assisted by Mabel Leal; sports, Lloyd McGovern, assisted by Clayton Chambless; advertisements, Logan Potter, assisted by Stewart Mallon. Contributing original drawings for the publication were Kenneth Ferguson, Howard Melton, Dorothy Manley and Joan Hinchman.

Because of congested conditions in the Michigan State college gymnasium, the backs and ends of the football team are getting their winter training in a barn.

Notre Dame and Butler basketball teams have been meeting since 1909.

Theft Fails to Shake Lawyer's Confidence

Atty. Bush Finnell still has faith in the innocence of Harry Webber of San Bruno. At least he appeared here Monday to defend Webber on a burglary charge despite the fact that police had located a revolver stolen from the attorney in the car allegedly used by Webber and his companion, Arthur Brugger, in burglarizing the Hillsborough home of Mr. and Mrs. Benjamin Follette.

Finnell said he is convinced that his revolver was stolen by Brugger and not by the man the lawyer is now defending. Webber pleaded not guilty before Judge A. R. Cotton and his trial was set for April 22.

Car Pistons Travel 272 Miles An Hour

Sometime, when hurtling a mile a minute through space—if ever guilty of driving that fast—try to picture how rapidly the pistons in your motor are moving. It can't be done. But it is known that the pistons of a six cylinder car travel 272 miles while the car goes 60 miles.

This can be proved easily with arithmetic, and the results are astounding, says Sam H. Hansen, manager of industrial oil sales for General Petroleum Corporation, in a communication to B. A. Muir, branch manager of this major oil company. He gives this simple explanation:

"The crankshaft of the average car revolves 4,000 times a minute, at 60 miles an hour. With each revolution, a piston travels approximately 6 inches down and 6 inches up the cylinder, total of one foot. Multiply this by the 4,000 revolutions, and you have 4,000 feet, or about four-fifths of a mile travel in one minute.

"If there are six cylinders in the motor, then the total piston movement is six times 4,000, or 24,000 feet, during the time your car has covered a mile or 5,280 feet. Multiply this by 60 minutes of an hour, and the pistons have traveled 1,440,000 feet—more than 272 miles—while your car has moved forward 60 miles.

"Viewed this way, we have some conception of the mechanical marvel that modern automobile builders have created."

Miss Mary Paul Dies at Local Home

Miss Mary Paul, 26, who had been living at the home of the J. A. Giannellis on Oxford street, passed away Monday after a long illness. Miss Paul, who came from St. Johns, N. D., is survived there by her parents, Mr. and Mrs. Alfred Paul.

William Stack, who will be a soph center on the '37 Yale eleven, as a high school boy practiced with the Michigan State college gridders.

Peters, Marine, Now Stationed In Peking, China

Karl D. Peters, 26, son of Mrs. Amanda J. Peters, 136 Hudson street, Redwood City, is now in Pekin, China, stationed with the Marine detachment at the American Embassy.

A release from the Marine Corps reported today that Private Peters, who inlisted in October, 1934, is working as a clerk in the Pieping headquarters.

His service in the Marine Corps has taken him far afield. After being stationed in San Diego for a year, Peters was sent to Hawaii, the Marianas Islands, and to Cavite and Manila in the Philippines, as well as to many ports on the China seas.

He is now studying Chinese, according to the Marine release received by Postmaster Robert J. O'Connell Jr.
